Consent For Receiving Registered Massage Therapy

Please read the following and acknowledge your consent below. Without your signature of consent, your RMT is not allowed to provide Massage Therapy to you.

1. Massage therapy is given when your RMT expects it to provide you with therapeutic results.
2. One of the main goals of an RMT is to increase the circulation to tissues being treated thereby decreasing the muscle tone of the muscles being treated, and symptoms you may be experiencing.
3. Risks for receiving Massage Therapy are determined after your RMT looks over your health history form for any specific problems. Your RMT will take steps to minimize any possible risks associated with your treatment, or refer you to another health care professional in the case that this is not possible.
4. Common side effects of Massage Therapy include dizziness/light headedness while getting off the table after your massage, and tenderness in the areas treated following your treatment.
5. Alternatives to Massage Therapy may include a home stretching or exercise program, hot or cold hydrotherapy, and/or therapy with another health care professional which your RMT may recommend to you.
6. Clothing may be kept on or removed for the massage as per your comfort level. Only the areas to be treated will be visible, all other areas will remain covered during your treatment. You will not be inappropriately exposed by your RMT
7. RMTs are trained to use swedish massage techniques, and individual RMTs may have additional training such as Cranial Sacral therapy or other modalities or techniques as their careers progress. Your RMT will only provide therapy to you that is within their scope of practice and for which they have received proper formal training.
8. If at any time you wish for your massage treatment to be modified, you have every right to request what you need. It's your body, and your RMT will respect that.
9. Our therapists use advanced massage therapy techniques when indicated for your treatment.

I agree that I understand all of the above and have been given the chance to ask any questions related to the treatment proposed by my RMT. I give my full consent for receiving Massage Therapy.

Cancellation Policy

Out of fairness to your therapist and other clients trying to see your therapist, we require minimum 24 hours notice for all the cancellations. For missed appointments, or cancellations less than 24 hours in advance, you will be required to cover the full cost of your appointment.

Sick Cancellation Policy

If you are sick with any communicable illnesses, in any stage of illness, please cancel your appointment and reschedule for another date. This is for the protection of your therapist and for our other clients with compromised immune systems. If you come to your appointment while showing signs and symptoms of illness, your therapist will help you reschedule at that time.
